

MN LDEI Conference Grant Award

Minnesota Les Dames launched a new member benefit this past year, **Minnesota LDEI Conference Award**, for members interested in attending the annual LDEI conference.

The board is interested in having more members experience the conference, meet women from chapters around the country and bring back new ideas for our group. The president and vice president already receive a partial reimbursement of expenses and we would like to offer a similar opportunity to other members.

This year's winner is Cindy Jurgensen:

Cindy Jurgensen will be on her way to Seattle for the LDEI National Conference in October! Cindy was a winner of the **Minnesota LDEI Conference Award**, designed to help facilitate more of our members attending the conference. We're glad Cindy applied and happy she'll be part of the group of Minnesota dames at the conference.

Look for more information on applying for this member benefit later this year!
